

Synergy in technics.

## Lamp holders

In the fast-growing industry of refrigerators, freezers, microwave ovens, stoves ... reliable and safe lamp holders are required.

We are able to offer the development and production of lamp holders according to your wishes and applicability demands including mercury free material (for food storage equipment) and direct mounting onto housings without screws.

Top quality products are guaranteed with the most up-to-date technological procedures and equipment.

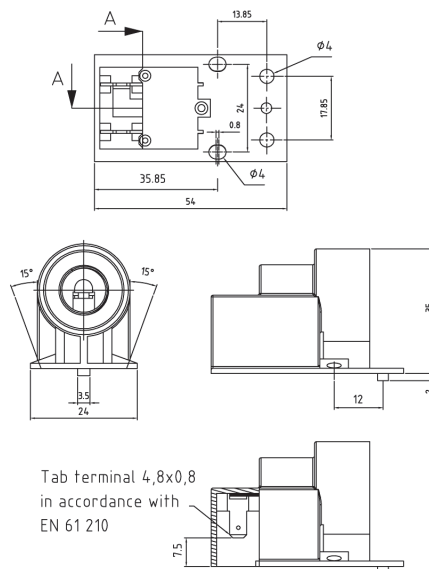

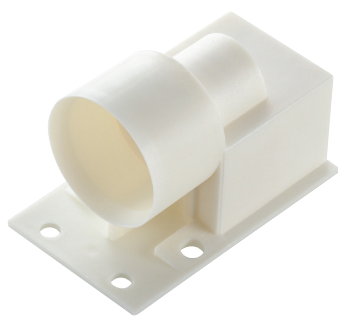

## LAMP HOLDERS LHE 14/L WITH SPHERE SWITCH

### Features:

- The mechanism of the switch/lamp holder does not contain mercury and may be safely used in food storage equipment
- When fitted to the lid of a freezer storage cabinet, the switch will operate the lamp when the lid is opened to the angle of tilt shown in drawing
- Miniature design
- VDE approved
- Patent registered no. 202 03 000.8., 200100051

### Applications:

- Household applications (chest freezers)
